

## Sprint Plan Contribution Release 2

Team 14 – Community Organization (Yee Chen Fong n9602976)

I contributed by initiating the writing of some of the tasks for each Story ID in the Sprint 3 and Sprint 4 Sprint plan with some modifications made by my team mates such as append new tasks, remove unneeded tasks, fix the grammar and sentence structure.

I have also added some time estimation for the tasks in All story ID.

My contribution shown below highlighted in yellow:
