

Coding Contribution Release 2

Team 14 – Community Organization (Yee Chen Fong n9602976)

My contribution in terms of coding in Release 2 is more towards fixing bugs and appending my teammates existing code.

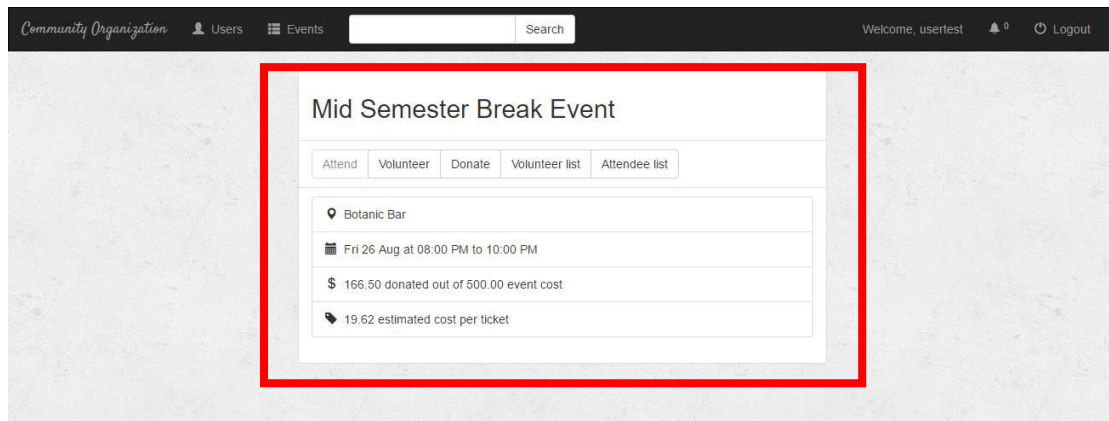

Figure 1. Event Page (eventPage.html)

My job is to mainly fix the syntax and logic errors for the Django views in the `events/views.py`.

Moreover, I have contributed a bit in coding the display layout of the event information details page.

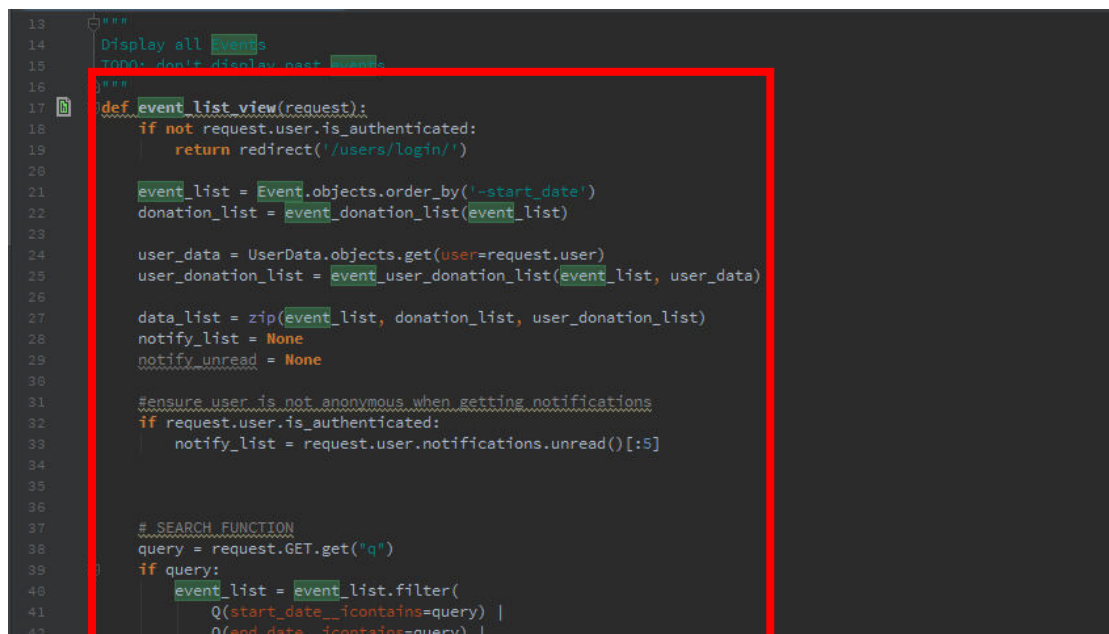

Figure 2.1. Code involvement in the views for Event information details page
(events/views.py)

```

43         Q(event_name__icontains=query) |
44         Q(event_location__icontains=query)
45     ).distinct()
46     donation_list = event_donation_list(event_list)
47     data_list = zip(event_list, donation_list, user_donation_list)
48
49     context = {
50         'data_list': data_list,
51         'user': request.user,
52         'notify_list': notify_list,
53     }
54
55     return render(request, 'events/eventIndex.html', context)
56

```

Figure 2.2. Code involvement in the views for Event information details page (events/views.py)

Lastly, I have also contributed in creating a splash page for the Community Organisation website.

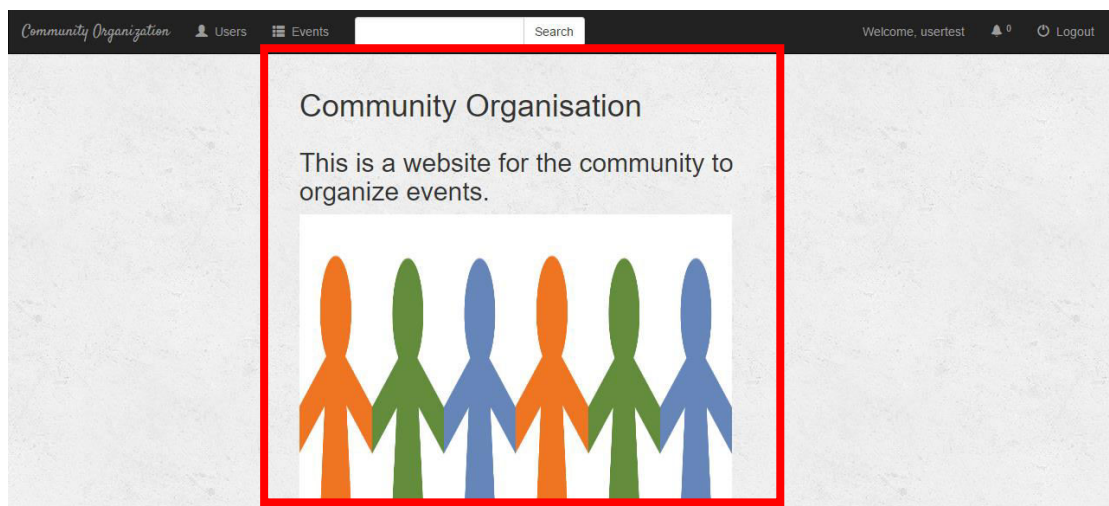

Figure 3. Splash Page – still in initial stage (splash.html)

```
1 {%- extends 'events/base.html' %}
2 {%- block event_list_active %}active{% endblock %}
3
4 {%- load bootstrap3 %}
5
6 {%- bootstrap_css %}
7
8 {%- block body %}
9
10 <div class="container-fluid">
11   <div class="row">
12     <div class="col-md-6 col-md-offset-3">
13       <h1>
14         Community Organisation
15       </h1>
16     </div>
17   </div>
18
19   <div class="row">
20     <div class="col-md-6 col-md-offset-3">
21       <h2>
22         This is a website for the community to organize events.
23       </h2>
24     </div>
25   </div>
26
27   <div class="row">
28     <div class="col-md-6 col-md-offset-3">
29       
30     </div>
31   </div>
32 </div>
```
